

The 1st round results and the finalists for the SCMP/IFPHK Financial Planner Awards 2009 – University student category have been named!

This is the third time IFPHK and SCMP jointly organized a financial planning competition for university students. This competition aims to recognize outstanding University students in Hong Kong who have sound financial acumen and knowledge about financial planning.

The financial plans submitted were of very high standards and made the selection of finalists a very difficult task for the judges. After careful judging, we selected 5 entries to go onto the final round.
