## I. EXAMINATION STRUCTURE

### 1. Structure

The CFP<sup>CM</sup> Certification Examinations are designed to assess the ability of examinees to apply financial planning knowledge to financial planning situations, thereby protecting the public by assuring that CFP certificants are at the appropriate level of competency required for practice.

The Certification Examination consists of the following 3 levels:

- CFP Certification Examination (Foundation Level)\*;
- CFP Certification Examination (Level 1); and
- CFP Certification Examination (Level 2).

\*The *Foundation Level* examination paper (known as the “AFP<sup>TM</sup> Certification Examination” prior to 2014) also serves to satisfy the “Examination” element of the 4Es requirement for AFP<sup>TM</sup> certification. All references to the *Foundation Level* examination in this Examination Handbook also apply to Candidates/examinees for AFP Certification.

### 2. Sequence of Examinations

Examinees are expected to pass the *Foundation Level* examination prior to proceeding to *Level 1*. Similarly, individuals must pass the *Level 1* examination before being allowed to take the *Level 2* examination.

### 3. Language of Examinations

The CFP Certification Examinations are all set in ONE of two languages: English and Traditional Chinese. The examination questions of each examination of these two versions are the same, and examinees can choose to take each examination in ONE of the languages. They are required to confirm their preferred examination language when submitting their examination application online or using form. No change of the examination language is allowed after the examination application is submitted.

### 4. Duration

The examination time of each of the three levels of CFP Certification Examination is 3 hours.

### 5. Grading

Each examination is graded independently and the result of one examination does not affect another. Each examination is graded as follows:

- a. *Foundation Level*: All questions in the examination are of equal marks.
- b. *Level 1*: All questions in the examination are of equal marks.
- c. *Level 2*: All questions in the examination are of equal marks.

### 6. Re-examination and Time Limit

Examinees are only required to re-sit the examination that they have failed. There is no limit on the maximum number of re-sit examinations that one examinee can take for any one of the examinations.

## 7. Frequency

*Foundation Level* and *Level 1* examinations are offered four times a year; and *Level 2* examination is offered twice a year. IFPHK may adjust the frequency of the above CFP Certification Examinations at its discretion.

## 8. Overseas Certificants / International Reciprocity

For CFP Certificants who were first certified in territories other than Hong Kong, and wishes to display the CFP Marks while delivering, directly supporting or supervising the financial planning process or to hold himself or herself out as a CFP professional in Hong Kong, he or she will need to pass the Cross-Border Examination designed to assess examinees' understanding on Hong Kong local laws and regulations. For details, please refer to Appendix 4 of this Examination Handbook and Part V of the Certification Section of the Study Guide for CFP<sup>CM</sup> Certification.

See Appendix 1 for the examination syllabus that provides information on the question distribution by topics.

#### **5. Update of Rules and Regulations**

From time to time, there will be updates and changes to the laws governing the financial industry as well as rules and requirements of the Institute of Financial Planners of Hong Kong. Examinees taking the CFP Certification Examinations are expected to apply their knowledge of current laws, rules and requirements which, at the time of the examination, have been published or released by the relevant authority for 6 months or longer. This refers to the date such laws, rules and requirements were released and not their effective date.

#### **6. Information Provided in Examination Paper**

An Allowances and Tax Rate Table will be provided in *Level 1* and *Level 2* examinations for reference. Please refer to Appendix 5 for a sample.

#### **7. Sample Examination Questions**

Past examination papers are not released. However, IFPHK has prepared the following sample questions for examinees (Please refer to IFPHK website and the candidates corner for the latest information):

- Standalone Sample Questions for *Foundation Level, Level 1 and Level 2*
- Sample Case and Questions for *Level 2*

For subject areas and topics covered in each examination, please refer to the Examination Syllabus of the CFP Certification Examinations at Appendix 1.

### III. EXAMINATION POLICY

#### 1. Examination Regulations

Examinees should carefully read the latest version of the Examination Regulations sent to them with the Admission Card (provided in Appendix 2 for reference) before attending the examination. Failure to observe any of these regulations may lead to disqualification from the examination. In the event of discrepancies between Appendix 2 and the latest version of the examination regulations sent together with the Admission Card, the latter shall prevail.

Incidences of reported cheating will be investigated by IFPHK. If an examinee is found to have cheated and/or aided or abetted a cheater, or violated any other examination policy, the examinee may be disqualified and he/she will be subject to disciplinary action taken by IFPHK.

Depending on the seriousness of the violation, the examinee may be barred from taking any IFPHK CFP Certification Examinations for a period of one year from the date of the incident, up to a lifetime ban. The IFPHK Examination Committee reserves the right to report the violation to the relevant authorities and professional bodies if necessary. Examination-related disciplinary sanctions on an examinee may be considered by relevant department(s) of IFPHK in processing his/her CFP Certification application, if any, in the future.

#### 2. Examination Scoring

- All examination questions in the CFP Certification Examinations are compulsory.
- Only answers marked on the answer sheet with an HB pencil will be scored. No credit will be given for answers written or noted in the examination question book.
- Select only one answer for each question. Multiple responses to a single question will not be scored. Incompletely erased marks on the answer sheet will be deemed to be multiple responses.
- An examinee's score is based on the number of questions answered correctly. No points will be deducted for wrong answers.
- Only correct answers will earn marks.

#### 3. Pass Score

While questions in the CFP Certification Examinations (Foundation Level), (Level 1), (Level 2) and the Cross Border CFP Certification Examination are developed in accordance with the topics and cognitive requirements in the Examination Syllabus/Syllabus - Descriptive Content Coverage for that particular examination, the difficulty level of any one examination is likely to vary slightly from previous examinations because of the different questions used. With the objective of consistent and fair treatment to all the examinees, the standard-setting procedures adopted to determine the pass marks for the CFP Certification Examinations are in line with those established for certification examinations. There is no quota for passing examinees and those who attain the required standard will pass. Because of the procedures adopted, the pass marks for the CFP Certification Examinations may well vary from examination to examination and are therefore not disclosed.

#### 4. Re-examination Policy

Examinees are only required to re-sit the examination in which they failed. There is no limit on the maximum number of re-sit examinations that an individual can take for any one of the examinations.

(To safeguard the integrity and security of examination questions, examinees who have passed an examination will NOT normally be permitted to sit for the same examination again at any time.)

#### 5. Enquiries on Examination

After taking the examination, examinees may complete and file an Examination Enquiry Report/Examination Administration Report (downloadable from IFPHK's website) for either of the following:

- If they believe that an examination question contains an error, they can fill in an **Examination Enquiry Report** and submit the information via mail to IFPHK within 5 calendar days of the examination. The submission will be acknowledged but examinees will not receive a separate response to the submission.
- If they have comments about examination administration, they can fill in and submit an **Examination Administration Report** within 14 calendar days of the examination.

#### 6. Examination Review

For security reasons, examination materials are not available for review. Examinees may however request a hand-scoring of their valid CFP Certification Examination answer sheet if they suspect that it was scored incorrectly. They must complete and file an Examination Review Request Form (downloadable from IFPHK's website) for requesting hand-scoring to IFPHK within 30 calendar days after the release of the examination results to examinees, with a HK\$500 processing fee. Requests made after the 30 days will not be accepted.

The examination review report will be available within 4-6 weeks after the request is received. Please note that the report will only indicate: 1) if there is any difference between hand-scored and machine-scored marks; and 2) if there is any change in examination result status given the hand-scored marks. No information on examination scores or grades is provided in the examination review report. In the event that there is a discrepancy between the hand-scored and machine-scored results, hand-scored results will prevail and the full processing fee will be refunded.

Examinees should bear in mind that the closing date for registration for the next examination may be before the date of the examination review report provided by IFPHK.

#### 7. Notice Relating to the Personal Data (Privacy) Ordinance

Individuals are advised to read the Notice Relating to the Personal Data (Privacy) Ordinance in Appendix 3 to understand their rights and obligations in respect of the supply of personal data to IFPHK, and the ways in which IFPHK may use or handle such data.

## **8. Non-discrimination Policy**

IFPHK observes anti-discrimination laws in force in Hong Kong and adopts policies and procedures to ensure fair and equitable treatment of all individuals in the examination process.

IFPHK will endeavour to make reasonable accommodation for examinees who, because of disability, will need special arrangements in order to be able to sit for the CFP Certification Examinations. Such examinees are required to provide proof from a qualified physician as to the nature of their disability, and the arrangements needed.

## **9. Reservation of Right to Cancel Examination**

IFPHK may decide to change the date, time, conditions of the administration of the examination(s) or cancel the administration of the examination(s), either entirely or of a particular examination, if IFPHK in its sole discretion decides that any such action is necessary to protect the integrity of the CFP Certification Examinations, or because administration of the examination is hindered by any cause that could not be reasonably prevented by IFPHK, including but not limited to fire, flood or other natural disasters.

## **10. Amendments**

IFPHK reserves the right to make changes to the examination regulations, the Syllabus - Descriptive Content Coverage, the examination syllabus, subject areas, topic coverage and any other information presented in this examination handbook when necessary.
