III. EXAMINATION POLICY

1. Examination Regulations

Examinees should carefully read the latest version of the Examination Regulations (provided in Appendix 2 for reference) before attending the examination. Failure to observe any of these regulations may lead to disqualification from the examination. In the event of discrepancies between Appendix 2 and the latest version of the examination regulations sent together with the admission information, the latter shall prevail.

Incidences of reported cheating will be investigated by IFPHK. If an examinee is found to have cheated and/or aided or abetted a cheater, or violated any other examination policy, the examinee may be disqualified and he/she will be subject to disciplinary action taken by IFPHK.

Depending on the seriousness of the violation, the examinee may be barred from taking any IFPHK CFP Certification Examinations for a period of one year from the date of the incident, up to a lifetime ban. The IFPHK Examination Committee reserves the right to report the violation to the relevant authorities and professional bodies if necessary. Examination-related disciplinary sanctions on an examinee may be considered by relevant department(s) of IFPHK in processing his/her CFP Certification application, if any, in the future.

2. Examination Scoring

- All examination questions in the CFP Certification Examinations are compulsory.
- Only answers marked on the answer sheet with an HB pencil will be scored. No credit will be given for answers written or noted in the examination question book.
- Select only one answer for each question. Multiple responses to a single question will not be scored. Incompletely erased marks on the answer sheet will be deemed to be multiple responses.
- An examinee's score is based on the number of questions answered correctly. No points will be deducted for wrong answers.
- Only correct answers will earn marks.

3. Pass Score

While questions in the CFP Certification Examinations (Foundation Level), (Advanced Level Paper 1), (Advanced Level Paper 2) and the Cross Border CFP Certification Examination are developed in accordance with the topics and cognitive requirements in the Examination Syllabus/Syllabus - Descriptive Content Coverage for that particular examination, the difficulty level of any one examination is likely to vary slightly from previous examinations because of the different questions used. With the objective of consistent and fair treatment to all the examinees, the standard-setting procedures adopted to determine the pass marks for the CFP Certification Examinations are in line with those established for certification examinations. There is no quota for passing examinees and those who attain the required standard will pass. Because of the procedures adopted, the pass marks for the CFP Certification Examinations may well vary from examination to examination and are therefore not disclosed.

4. Re-examination Policy

Examinees are only required to re-sit the examination in which they failed. There is no limit on the maximum number of re-sit examinations that an individual can take for any one of the examinations.

(To safeguard the integrity and security of examination questions, examinees who have passed an examination will NOT normally be permitted to sit for the same examination again at any time.)

5. Enquiries on Examination

After taking the examination, examinees may complete and file an Examination Enquiry Report/Examination Administration Report (downloadable from IFPHK's website) for either of the following:

- If they believe that an examination question contains an error, they can fill in an **Examination Enquiry Report** and submit the information via mail to IFPHK within FIVE DAYS after the examination. The submission will be acknowledged but examinees will not receive a separate response to the submission.
- If they have comments about examination administration, they can fill in and submit an **Examination Administration Report** within FIVE DAYS after the examination.

6. Examination Review

For security reasons, examination materials are not available for review. Examinees may however request a hand-scoring of their valid CFP Certification Examination answer sheet if they suspect that it was scored incorrectly. They must complete and file an Examination Review Request Form (downloadable from IFPHK's website) for requesting hand-scoring to IFPHK within THIRTY DAYS after the release of the examination results to examinees, with a designated processing fee. Requests made after the THIRTY DAYS will not be accepted.

The examination review report will be available within 4-6 weeks after the request is received. Please note that the report will only indicate: 1) if there is any difference between hand-scored and machine-scored marks; and 2) if there is any change in examination result status given the hand-scored marks. No information on examination scores or grades is provided in the examination review report. In the event that there is a discrepancy between the hand-scored and machine-scored results, hand-scored results will prevail and the full processing fee will be refunded.

7. Notice Relating to the Personal Data (Privacy) Ordinance

Individuals are advised to read the Notice Relating to the Personal Data (Privacy) Ordinance in Appendix 3 to understand their rights and obligations in respect of the supply of personal data to IFPHK, and the ways in which IFPHK may use or handle such data.

8. Non-discrimination Policy

IFPHK observes anti-discrimination laws in force in Hong Kong and adopts policies and procedures to ensure fair and equitable treatment of all individuals in the examination process.

IFPHK will endeavour to make reasonable accommodation for examinees who, because of disability, will need special arrangements in order to be able to sit for the CFP Certification Examinations. Such examinees are required to provide proof from a qualified physician as to the nature of their disability, and the arrangements needed.

9. Reservation of Right to Cancel Examination

IFPHK may decide to change the date, time, conditions of the administration of the examination(s) or cancel the administration of the examination(s), either entirely or of a particular examination, if IFPHK in its sole discretion decides that any such action is necessary to protect the integrity of the CFP Certification Examinations, or because administration of the examination is hindered by any cause that could not be reasonably prevented by IFPHK, including but not limited to fire, flood or other natural disasters.

10. Amendments

IFPHK reserves the right to make changes to the examination regulations, the Syllabus - Descriptive Content Coverage, the examination syllabus, subject areas, topic coverage and any other information presented in this examination handbook when necessary.
